Failure to provide assistance on the part of the Client is considered a gross breach of the Framework Agreement, entitling SABF to withdraw from the Framework Agreement.
- SABF is entitled to refuse to provide a Payment Service to the Client if:
 - 3.1. SABF and the Client are unable to agree on all the terms governing the provision of the service,
 - 3.2. the Client fails to inform SABF and/or provide SABF with all the information and source documentation needed for the due performance of the requisite Payment Service in a due and timely manner,

At the Client’s request SABF will send a current statement of the Subaccount at any time to the Client’s e-mail address given in the SABF records or in a printed form to the address given in the SABF records; the price of such sending is given in the current Services Price List.
- By signing the Framework Agreement, the Client declares that the funds the Client sends to the Subaccount do not come from the proceeds of crime and that the Framework Agreement has not been executed in an effort to legalise such proceeds or to make transactions aimed at supporting or funding terrorism. In the event that there is a reasonable suspicion as to the truth of this declaration, this shall constitute a gross breach of the Framework Agreement by the Client, in which case SABF is entitled to refuse to execute the Payment Transaction or Non-Cash Foreign Currency Transaction and is entitled to withdraw from the Framework Agreement on the grounds of a gross breach of its terms.
- SABF is entitled to use the funds in the Subaccount to offset any overdue monetary receivables owed to SABF by the Client in relation to the Framework Agreement.

- 1.1. **by telephone** – via one of the dedicated SABF telephone lines, after the identity of the Client/User has been verified in the following manner:
- 1. the Client/User makes a telephone call from the telephone number specified in the Framework Agreement to the calling Client/User, and
 - 2. the calling Client/User states their birth registration number or identity card number or part thereof as requested by SABF, and
 - 3. by voice recognition of the Client/User against previously acquired voice recordings of the Client/User, and/or
 - 4. by verifying the identity of the calling Client/User in another suitable manner.
- 1.2. **In writing** – by submitting details for the Transaction (or any parts thereof) in text form (this form of delivery will be observed even in the case of delivery by e-mail).
- 1.3. **by telephone with Confirmation** – the terms of the Transaction are negotiated via the dedicated SABF telephone lines, whereupon SABF issues the Confirmation and sends it to the Client/User for confirmation. The Client is obliged to confirm the Confirmation by signing it without undue delay and send it back to SABF by e-mail. These Transactions are considered executed and the terms of the Transaction are considered agreed when the Client/User confirms the Confirmation by signing it and sending it back to SABF by e-mail. In the event that the Client/User fails to return the signed Confirmation, SABF is entitled to claim reimbursement of the costs at the amount specified in these GTC.
- 1.4. **other manner** – stated in the relevant product terms and conditions.
2. A Transaction can also be negotiated using a combination of the above ways. A Transaction is considered concluded, i.e. executed and binding for both Contracting Parties **at the instant the terms of the Transaction are agreed, i.e. when the information required for the Transaction is submitted to SABF in the manner described in Art. VII (3) below, provided that both parties have agreed at least the terms prescribed for the Payment Order for that particular type of Transaction pursuant to Art. V (2) (in the case of Non-Cash Foreign Currency Transaction Payment Order) or Art. VI ((1) point 1.1.1 (in the case of Payment Order for Payment) or Art. VI (1) point 1.2.1 (in the case of Payment Order for Direct Debit) of the GTC.**
3. The terms prescribed for the Transaction are considered agreed upon when the terms are agreed to by SABF via the communication channels specified in Art. VII (1) point 1.1 through 1.4 of these GTC and / or other means of distance communication or their combinations, or with regard to the established business practice of the parties, some of its requirements may be implicit and / or determined by reference to the document that SABF receives from the Client in connection with the relevant Payment Order and from which it is possible to unambiguously determine such requisites (e.g. the beneficiary's account number stated on the invoice delivered to SABF by the Client, on the basis of which the Payment Order is to be executed according to the Client's instruction). After agreeing upon the requisites (terms) of the Transaction pursuant to paragraph 2 above in the manner specified in the previous sentence, the Payment Order for the relevant Transaction shall be deemed to have been delivered, of which SABF shall immediately send the Client a Confirmation in the manner and under the conditions of paragraph 4 below. The absence of an agreement on the Date of Settlement of the relevant Transaction does not obstruct the Delivery of the Payment Order if the presumption of an agreement on the Date of Settlement can be applied in cases presumed by these GTC.
4. **Confirmation as a confirmation of Delivery of the Payment Order for the relevant Transaction, containing the terms of the Transaction, which were agreed within the negotiation of the Transaction in the manner pursuant to Article VIII (2) through (3), as understood by SABF, including the agreed exchange rate and any fees associated with the relevant Payment Order, is executed and sent to the Client in all cases where a Transaction is negotiated, whereas the issuance / non-issuance of the Confirmation by SABF or its confirmation / non-confirmation by the Client does not have any legal consequences, as the terms of the Transaction are agreed and the Transaction is binding for both parties at the moment of concluding the terms of the Transaction pursuant to Article VII (3) above, however, if the Confirmation is issued by SABF and sent to the Client, the Client undertakes to immediately acquaint itself with its contents and in case of any discrepancy between the information stated in the Confirmation and the Client's Payment Order, immediately contact SABF with a request for correction. If SABF does not receive a notification of an error in the Confirmation from the Client, or if SABF does not identify such an error itself, it will execute the Client's Payment Order based on the information as contained in the Confirmation. If SABF receives a request from the Client to correct the sent Confirmation, or identifies itself an error in the Confirmation, it will immediately compare the information in the Confirmation with its records of the Transaction agreement and will immediately inform the Client of the result of such comparison. If this inspection shows that the Confirmation did not correspond to the content of the record of the Transaction agreement, SABF undertakes to deliver the corrected Confirmation to the Client as soon as possible. For the avoidance of doubt, the Contracting Parties agree that the sending of funds by the Client to the SABF Special Account specified in the Confirmation is considered to be an implied acceptance of the terms of the Transaction specified in the Confirmation; however, this does not apply in the case of concluding a Transaction in accordance with Article VII (1.3) GTC, when the acceptance of the Confirmation by the Client is necessary for the binding negotiation of the Transaction (and thus also for the Delivery of the Payment Order for the given Transaction). Assuming that the procedure described in Art. VII (1.1) to (1.4) is not followed, i.e. particularly that the Client/User cannot be identified in the manners described above, particularly due to the fact that incorrect identification details have been given, SABF will inform the Client/User of this fact, will send the Client/User the Confirmation of the negotiated terms of the Transaction and will inform the Client/User that they are obliged to sign the Confirmation without undue delay and send it back to SABF by e-mail. These Transactions are considered concluded and the terms of the Transaction agreed only when the Client/User signs to confirm the Confirmation, sends it back to SABF by e-mail and SABF receives it. In the event that the Client/User fails to return the signed Confirmation, SABF is entitled to claim reimbursement of the costs at the amount specified in these GTC and SABF is also not obliged to execute the Transaction.**
5. In accordance with Section 158 (2) of the APT, the Client and SABF have agreed that the moment of acceptance of the Payment Order is defined as the moment in which the Conditions for Executing the Transaction were fulfilled. Until the moment of proper fulfilment of the Conditions for Executing the Transaction, the Payment Order cannot be carried out by SABF and the Payment Order shall not be considered accepted. If one of the Conditions for Executing Transactions (the crediting of the funds to cover the Payment Transaction or delivery of the Payment Order) is met after the Operating Hours, SABF is considered to have received the Payment Order on the following working day.
6. SABF may only refuse to execute a Transaction after the Delivery of Payment Order in compliance with the relevant provisions of the APT and/or Contractual Documentation and SABF and must notify the Client/User of this fact by sending a message to the registered e-mail address of the Client/User. SABF is also entitled and/or obliged to withhold/defer the execution of a Transaction in cases stipulated by the legislation on measures against legitimisation of proceeds from crime or other applicable legislation. If, based on its expertise and experience, SABF has reason to suspect that, based on the data provided by the Client/User for the execution of a Payment Transaction, the Payment Transaction will not be credited to the payment recipient as expected, SABF is entitled to delay the execution of the Payment Transaction. SABF shall immediately inform the Client of this fact by sending a message to the email address registered by the Client with SABF or in any other provable manner.

VIII. Fees, costs

1. The Client undertakes to pay SABF a fee or price for the services provided, in particular for the Transactions, in the amount determined on the basis of an individual agreement with the Client, or stipulated by these GTC and the Services Price List. For the avoidance of doubt, the price conditions set pursuant to an individual agreement with the Client (if concluded) take precedence over the conditions set out in the GTC and the Services Price List.
2. SABF shall be entitled to payment at the moment services are duly rendered, and/or the Transactions are executed, regardless of whether or not the Client thereby earns a profit or other benefit.
3. The Client is aware and explicitly consents to the fact that a fee is charged for all services provided by SABF under the Framework Agreement according to the current Services Price List, which is published on the Website. The Client undertakes to pay all the fees stipulated by the Framework Agreement, these GTC and/or the Services Price List and/or by individual agreement with the Client for the services provided and Transactions executed. SABF may make reasonable changes to the Services Price List. SABF is entitled to propose a change to the Services Price List to the Client particularly for the reasons specified in Art. XIII (2.1) of these GTC. Any change to the Services Price List is made using the procedure and by the deadlines specified in Art. XIII (2) of these GTC.
4. The Client undertakes to reimburse SABF for any costs incurred by SABF in relation to the enforcement and protection of its rights in connection with the Framework Agreement as a result of a breach of the Client’s obligations stipulated by the Framework Agreement. In addition to the costs specified in the relevant provisions of these GTC, the Client undertakes to reimburse SABF for all damages incurred by

- SABF as a result of the breach of the Client's obligations stipulated by the Framework Agreement, comprising actual damages and loss of profit.
5. SABF is entitled to bill the Client for any other expenditure, costs, interest on arrears or contractual penalties incurred by SABF (or claimable by SABF) during the fulfilment of its obligations under the Framework Agreement. SABF's costs are set as a flat-rate sum amounting to 1% of the sum designated for the foreign currency transaction. The costs of SABF include among others fees or similar payments specified by a correspondent bank or other SABF bank during the course of conversion of funds according to the agreed Transaction to the account of the recipient, in particular those incurred due to erroneous or incomplete payment instructions issued by the Client/User. The Client and SABF have hereby explicitly agreed that these fees will be billed to the Client on the basis of an invoice issued by SABF, unless the Framework Agreement specifies a different arrangement for their payment.
6. SABF is entitled to deduct (offset) a sum equivalent to the fee specified in Art. VIII (1) of the GTC, the costs, interest on arrears or contractual penalties directly from the Client's Subaccount (if such a Subaccount exists). In the event that the Subaccount is held in a currency other than the currency in which the payment is charged, SABF may deduct (offset) those sums from the Subaccount held in the different currency, converted at the CNB central rate applicable on the date on which the receivables became offsettable. This applies for all types of services and payments arranged between the Client and SABF.
7. In accordance with the provisions of Section 1991 of the Civil Code, SABF is entitled to offset a receivable due for a service provided, and/or Transactions executed and all other monetary receivables under the Framework Agreement against any of the Client's monetary receivables owed by SABF; this does not affect SABF's rights specified in Art. IV (5), Art. IV (8) and Art. VIII (6) of these GTC.
8. SABF and the Client have agreed to preclude the application of Section 1971 of the Civil Code, and that SABF has the right to claim any compensation for damages, regardless of whether it is covered by interest on arrears. SABF also has the right to claim compensation for damages incurred through a breach of obligations for which a contractual penalty is charged.

IX. Obligations following Settlement, Information and Notification Duty

1. Immediately after the settlement of the Transaction, no later than by the end of the following working day after the settlement of the Transaction, SABF will send as confirmation of the settlement to the Client's e-mail address the relevant *Certificate of Settlement of Transaction or Notification of Foreign Payment* (if the transaction in question is a Payment abroad). SABF is also obliged to e-mail the Client a document summarising the completed Transactions containing confirmation of the settlement of all Transactions negotiated in the given month. SABF may also comply with the obligation stipulated in this article by sending one document containing all the details of Transactions settled in that given month.
2. The Client is obligated to notify SABF of the theft or loss of access rights (profile) enabling the execution of Transactions through SABF or notify SABF of an unauthorised transaction immediately after such an event occurs. This information must be reported by telephoning 267 220 201 or e-mailing reklamace@sab.cz. The Client's access rights will be blocked by SABF after this information is received. At the Client's request SABF will send the Client details of how to re-activate its user account.

X. Protection of Personal Data, Duty of Confidentiality and Timeliness of Data

1. SABF processes personal data to the extent the Client and the User have provided them in the Framework Agreement (full names, addresses, birth registration numbers, etc.) and via other means of communication in relation to the conclusion of Transactions under the Framework Agreement. SABF processes the Client's personal data for the purposes of the Framework Agreement, for keeping records and databases of Clients and in order to meet its statutory obligations (particularly Act No. 253/2008 Coll., on Selected Measures against Legitimation of Proceeds of Crime and Financing of Terrorism). SABF declares that Client's data will be handled in accordance with regulation of the European Parliament and of the Council (EU) 2016/679 of 27th April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/ES (hereinafter referred to as the "General Data Protection Regulation"). Any natural person, including but not limited to the Client and the User, are data subjects having the protection provided by the General Data Protection Regulation. Personal data will be managed and processed for the duration of the contractual relationship and for a further 10 years after its termination. The Client is aware that in accordance with Act No. 133/2000 Coll., on population records and records of birth registration numbers and on the amendment to certain acts, as amended, SABF is entitled to process birth registration numbers under special legislation. The Client and the User have the right to access their personal data and to understandable and clear information about how SABF uses this information, the right to request clarification, the right to revoke consent to the processing of personal data, the right to erasure of personal data, the right to correction and addition of personal data, the right to portability, the right not to be subject to automated decision-making, the right to restrict processing, or right to file an objection or a complaint to the Office for Personal Data Protection. Further information on the processing of personal data is published on www.sab.cz.
2. The Client and other Users acknowledge that SABF is entitled and also required to provide the personal data of the Client to third parties as part of legal obligations (in particular, yet not exclusively, those associated with measures against money laundering).
The Client and other Users acknowledge that SABF is entitled to transfer the personal data of the Client and Users obtained in connection with the implementation of measures against money laundering, in particular information from the identification and verification of the Client, to other companies of the SABF group on the basis of a legitimate interest as part of the implementation of internal control strategies and procedures to mitigate and effectively manage risks within the companies of the SABF group.
3. The Client undertakes to ensure that the identity card(s) (e.g. ID card, passport) of the persons representing the Client on the basis of power of attorney and any Users are presented.
4. The Client is aware of the fact that the activities of SABF are subject to oversight by CNB and by governmental authorities, and therefore the Framework Agreement, as well as other documents, information and personal data relating to the Client and to the performance of the Framework Agreement to which SABF has access may be made available to institutions exercising surveillance or oversight over SABF. Such documents, information and personal data may only be disclosed to the extent strictly necessary for the given situation and in accordance with the applicable laws.
5. The Contracting Parties undertake to use all information constituting a Trade Secret and Protected Information of the other Contracting Party that come to their attention in relation to the performance of the Framework Agreement solely for the purposes specified in the Framework Agreement and/or these GTC and in accordance therewith.
6. The Contracting Parties undertake to:
- 6.1. ensure that Protected Information and information constituting a Trade Secret that they receive is protected in a manner usual for the confidentiality of such information. The Contracting Parties are particularly obliged to ensure that no unregistered copies are made of any documents or records they receive,
- 6.2. ensure that all their employees, representatives and all persons granted access to information constituting a Trade Secret or Protected Information in accordance with the Framework Agreement or these GTC maintain confidentiality in relation to that information and that they maintain the same degree of confidentiality concerning Protected Information and information constituting a Trade Secret as the relevant Contracting Party.
7. Neither of the Contracting Parties is authorised to pass on and/or otherwise grant access to Protected Information and/or information constituting a Trade Secret to any third party, or to use such information for any purpose other than that for which it was provided, unless they do so
- 7.1. with the prior written consent of the other Contracting Party,
- 7.2. to comply with an obligation imposed by a generally binding law, or
- 7.3. if explicitly permitted to do so by the Framework Agreement and/or these GTC.
8. The Client acknowledges and agrees that SABF is entitled to disclose information about the Client (including information about the Client's contractual relationship with SABF) to a third party for the purpose of any assignment of the Client's claim and/or for the purpose of other commercially justified acts in the course of its business, provided that such third party shall at all times be bound by confidentiality (contractually or by law) and prohibited from using such information in any way other than in connection with the purpose of the disclosure.
9. The provisions of the Framework Agreement and/or these GTC relating to the protection of Trade Secrets and Protected Information continue to apply after termination of the Framework Agreement. The Contracting Parties are also obliged to maintain confidentiality concerning all Protected Information and information constituting a Trade Secret after termination of the Framework Agreement, until such information becomes publicly available in a manner other than through a breach of the Framework Agreement and/or these GTC, or until the Contracting Party to whom the information relates states that they no longer desire such information to be kept confidential in the manner stipulated in the Framework Agreement and/or these GTC. In cases of doubt, it is considered that the parties desire such information to remain confidential.

XI. Information Stipulated by the APT Prior to the Execution of the Framework Agreement

The Client declares that prior to executing the Framework Agreement and prior to the provision of the Payment Services in accordance with the Framework Agreement they were informed in advance by SABF of all important aspects associated with the provision of these services pursuant to the relevant provisions of the APT, particularly that they were provided with a draft of the Framework Agreement, GTC and Services Price List, including information on the individual SABF products that are listed on the website of SABF and made available to the client for download. The Client declares that before entering into the Framework Agreement they acquainted themselves with the draft of this Framework Agreement, GTC and the Services Price List, they understand and agree to their content, have been provided with detailed information about SABF and the manner in which SABF does business, the provision of the Payment Services in accordance with the Framework Agreement and GTC, and any other information relating to the provision of the Payment Services as stipulated by the APT. The Client declares that they are acquainted with all the information on the SABF website and the information obtained during the execution of the Framework Agreement.

Details of exchange rate used

The exchange rate used for a particular Transaction is agreed on an individual basis when arranging the Transaction by telephone and is subsequently confirmed in the Confirmation.

Form and procedure for withdrawing consent to a payment transaction

The Client may revoke his/her consent to a payment transaction as long as the Payment Order for the Transaction can be revoked; the Payment Order cannot be revoked after the SABF Operating Hours immediately preceding the day on which the Payment Order is received have expired. Acceptance of a Payment Order is subject to the conditions set out in Article VII (5) of the GTC. In the event of withdrawal of its consent to the execution of a Payment Transaction and/or withdrawal of a Payment Order, the Client

shall expressly inform SABF thereof no later than the end of the period during which the Client is entitled to make such withdrawal via the Informational contacts (as stated below).

After the Delivery of the Payment Order, the Client may change the Payment Order once it has been placed only with the consent of SABF, whereas the Client acknowledges liability and consents to reimbursement of the costs of such a change, which shall be agreed at the time of the change.

Deadlines for executing payment transaction

If the Client meets the Conditions for Executing a Transaction, SABF shall ensure the funds are debited from the SABF account and sent to the recipient's bank account by the deadlines specified below. Deadlines are calculated from the moment of receipt of the Payment Order in accordance with Art. VII (5) of these GTC.

If the Client specifies an "EXPRESS" payment speed in the Payment Order and meets the Conditions for Executing a Transaction, the funds will be debited from the SABF account in reduced timeframes (generally on the day of the Delivery of Payment Order). The Current Operating Hours for the processing of "EXPRESS" Payment Orders are published on the SABF website (www.sab.cz) or stated to the Client when arranging the terms of the Transaction by telephone.

Note: the Client is charged a fee for "EXPRESS" payments in accordance with the SABF Services Price List.

If the Client meets the Conditions for Executing a Transaction, SABF will send the amount designated for carrying out the Transaction to the recipient bank account by the deadlines specified below:

- a) immediately after the Payment Order is received, in cases of a Transaction
- a. in CZK through SABF (i.e., the same provider for SABF and the recipient) executed exclusively within the Czech Republic in the event that the transaction does not involve a currency exchange,
- b) no later than by the end of the following working day after acceptance of the Payment Order, in cases of a Transaction

Communication Channels and Method Used to Provide Information:

Communication between the Client and SABF when negotiating the terms of Transactions and executing Transactions is via telephone, in Czech or English. Documents relating to a Transaction (such as Confirmation, Certificate of Settlement of Transaction, etc.) are sent by e-mail. In association therewith, SABF informs the Client that it is a technical requirement for the Client to ensure access to: (i) a telephone line, (ii) internet service, and (iii) email, whereas the Client explicitly confirms that they have secured access to the above services.

Information about the provision of payment services is published on the SABF website. The Client has the right to receive information and the contractual terms of the Framework Agreement on Payment Services, in accordance with the APT, upon request. For the duration of the Framework Agreement SABF is obliged to provide the Client with the content of this Framework Agreement and other information upon request pursuant to the APT.

Claims

Claims are settled by SABF in accordance with the Claims Policy, which is published on the SABF website in the Documents section.

If a claim filed by the Client with SABF is unsuccessful, the Client may refer the claim or complaint to the Financial Arbitration Office, address: Legerova 69, Prague 1, Postal Code 110 00 (www.finarbitr.cz) or to the competent court. The Client may also file a complaint with CNB (www.cnb.cz).

Information on incorrectly executed and unauthorized Transactions

Collective provisions on the manner and time limit for reporting and liability for unauthorized or incorrectly executed Transactions:

- a) for SABF a Transaction is considered **incorrectly** executed if it has not been carried out on the part of SABF in a proper and timely manner in accordance with the Payment Order of the Client given in the manner accepted under the Contractual Documentation.

The transaction on the part of SABF has been carried out **correctly** in relation to the person of the recipient if it has been correctly recorded and booked by SABF in accordance with the unique identifier of the recipient provided by the Client (this is comprised of the account number of the recipient and the code of their bank), that is even if the Client as the payer submitted to SABF other data about the recipient, whereas its execution was not influenced by a technical outage or other defect on the part of SABF.

- b) for SABF a Transaction is considered **authorized** if the following three prerequisites are met concurrently:

1. it represents an expression of the will of the payer by which the payer expresses consent with carrying out the Transaction (this is captured in the Communication with the Client);
2. that consent must be granted prior to executing the Transaction (i.e. usually at the moment of binding agreement to the conditions of the Transaction in accordance with the Contractual Documentation);
3. upon granting consent, the process specified in the Contractual Documentation and the form for executing Transactions must be upheld.

Lack of any of the above stated prerequisites shall have the consequence that the Transaction must be considered **unauthorized**. However, the consent of a person who is authorized to act on behalf of the Client on the basis of representation, i.e. the consent of a person who the Client as the payer has granted authorization to carry out individual Transactions on behalf of the Client shall also be considered the consent of the payer (i. e. the person/s currently appointed by the Client in the Contractual Documentation to conclude Transactions).

If the Client claims that they did not authorize the Transaction or that the Transaction was executed incorrectly, SABF shall prove to such Client that this Transaction was verified, properly recorded, and executed (i.e. in particular that the amount of the alleged incorrectly executed Transaction was duly and timely credited to the account of the provider of Payment Services of the recipient of the payment in accordance with the properly authorized Payment Order of the Client), otherwise the Transaction shall be deemed unauthorized or incorrectly executed and SABF is required to remedy such incorrectly executed Transaction for the Client in the manner stated below.

As part of information following the execution of a Transaction, the Client is sent a Certificate of Settlement of Transaction to the above email address. **The Client is required to become acquainted with information about the execution of a Transaction immediately after SABF makes it available to them, and in the event that any discrepancy is discovered or it is suspected that a Transaction was not executed correctly or was not properly authorized on their part, the Client shall immediately notify such discovery to SABF (hereinafter "Notice").** The Client is required to carry out the Notice via the communications channels designated by SABF for receipt of claims in the Claims Policy of SABF, namely:

- (i) via email to reklamace@sab.cz; and/or
- (ii) by telephone via recorded phone lines at 267 220 229; and/or
- (iii) in person or in writing at the SABF branch office, Květková 4352, 760 01 Zlín or in writing to the headquarters of SABF, Na Příkopě 969/33, Staré Město, 110 00 Prague 1

(hereinafter “**Informational Contacts**”).

Notices are received by SABF via Informational Contacts every business day during Operational Hours.

The Client is enabled to inform SABF in the above manner if the Client is convinced that an unauthorized or incorrectly executed Transaction has been carried out.

The Client shall bear the loss due to unauthorized Transactions as follows:

- (i) only up to the amount of EUR 50 (or the equivalent in foreign currency) if this loss was caused by the use of a lost or stolen means of payment, or the abuse of a means of payment, in the event that the Client did not ensure the security or report the loss of their personalized security elements allowing access and operation of the means of payment. A means of payment is defined in the conditions of SABF as a platform providing access to the online client account, enabling among other functions the concluding of certain online Transactions, if made available to the Client by SABF; the responsibility of the Client under this point shall not apply, however, if the Client has not acted in a fraudulent manner and also:
 - a) the loss, theft, or abuse of the means of payment could not have been determined prior to the execution of the unauthorized Transaction, or
 - b) the loss, theft, or abuse of the means of payment was caused by actions on the part of SABF; or
- (ii) in full if the loss was caused by their fraudulent behaviour or due to having breached intentionally or through gross negligence any of their obligations stated in the Contractual Documentation.

Client liability under para. (i) and/or (ii) above shall not apply if the Client did not act fraudulently and the loss was incurred after the Client submitted Notification in the manner stated above, or if SABF failed to ensure that Informational Contacts were available to the Client. The Client shall also not bear the loss in the event that SABF has breached its obligation to require strong verification of users of payment services, provided that such obligation is imposed by the APT or other legal regulations, and has not claimed any exception to this obligation.

The Client has the right to submit Notification of an unauthorized and/or incorrectly executed Transaction to SABF immediately upon discovering it, **however no later than within 13 months of the date the Transaction was executed**. However, the time limits for notification of an unauthorized or incorrectly executed Transaction shall not begin to lapse in the event that SABF has breached its obligation stated in Sections 142, 143, 146 or 147 of the APT, and unless SABF has at least fulfilled this obligation ex-post. Upon expiration of the relevant time limit, the responsibility of SABF for the unauthorized or incorrectly executed Transaction and the associated obligations of SABF under the APT are waived. SABF is liable to the Client for an incorrectly executed Transaction under Section 183 of the APT. In the event of an incorrectly executed Transaction by a bank with which SABF holds its own payment account, SABF is obligated to request of the bank that executed the incorrectly executed Transaction to carry out a remedial settlement pursuant to Section 20c of the Act No. 21/1991 Coll., Act on Banks, as amended (hereinafter the Act on Banks”). SABF does not carry out a payment transaction for the Client in the sense of Section 176 of the APT for which the payment order has been given by the recipient or by the payer via the recipient.

If the Client states an incorrect unique identifier of the recipient, SABF shall exert all effort that can be reasonably expected of them for the funds of the Transaction to be returned to the Client. If requested by the Client in writing, SABF shall report to them all data available and needed by the Client for exercising the right to the return of the funds against the recipient before the court or any other relevant authority.

SABF is not liable to the Client for an unauthorized or incorrectly executed Transaction including any failure to uphold specified time limits for carrying out payment transactions under Art. XI of the GTC if SABF has been prevented from performing the relevant obligations by unforeseen unusual circumstances independent of the will of SABF and whose consequences SABF could not revert. Similarly, if the Client has been prevented from fulfilling the obligation imposed in this document by a circumstance that is unusual, unforeseeable, independent of the will of the Client and whose consequences the Client could not revert, the Client shall not be liable for non-fulfilment of this obligation.

The right of the client arising from an unauthorized or incorrectly executed Transaction does not eliminate the right to compensation for damages or for return of unjust enrichment. However, what may be enforced by the Client from SABF by exercising rights arising from an unauthorized or incorrectly executed Transaction cannot be claimed on any other legal grounds.

Remedy of an unauthorized Transaction:

If SABF is liable for an unauthorized Transaction and SABF and the Client have not agreed to satisfy the Client in any other manner, SABF shall be required in the event that an unauthorized transaction was executed to take the following actions to remedy the unauthorized Transaction immediately, however no later than by the end of the business day following the day the unauthorized Transaction was discovered or reported by the Client through Notification via Informational Contacts:

- (i) to return the Client the amount determined for executing the Transaction, including payments made and interest foregone; or
- (ii) if the Client has a Subaccount and the funds used for the incorrectly executed Transaction were registered to the Subaccount, to return the Subaccount from which the sum intended for execution of the Transaction was debited into the condition in which it would have been if the debit had never been carried out.

The time limit of “*immediately, however no later than by the end of the following business day*” shall not begin to lapse if SABF has a reason to suspect that the Client has acted in a fraudulent manner, if SABF reports this along with a justification in writing to a supervisory authority.

If the loss from the unauthorized Transaction is borne under point no. 1 by the Client, the process described above shall not apply.

Remedy of an incorrectly executed Transaction:

If SABF is liable for an incorrectly executed Transaction and SABF and the Client have not agreed to satisfy the Client in any other manner, it shall be required in the event that the transaction was executed incorrectly on the part of SABF to take the following actions to remedy the incorrectly executed Transaction immediately, however no later than by the end of the business day following the day the incorrectly executed Transaction was discovered by SABF or reported by the Client through Notification via Informational Contacts:

- a) In the event that the Client informs SABF via the Informational Contacts that they **do not insist on executing the Transaction**, SABF is required to:
 - (i) return the Client a sum equal to the corresponding amount used in the incorrectly executed Transaction, including payment of fees and lost interest; or
 - (ii) if the Client has a Subaccount and the funds used for the incorrectly executed Transaction were debited from the Subaccount, to return the Subaccount from which the sum intended for execution of the Transaction was debited into the condition in which it would have been if the debit had never been carried out;

Such a procedure is mandatory for SABF solely in relation to the amount which was not credited to the account of the provider of payment services of the recipient before the Client notified SABF that they do not insist on the execution of the Transaction and under the prerequisite that SABF proves such crediting to SABF.

- b) In the event that the Client **does not inform** SABF via the Informational Contacts that they **do not insist that the Transaction be executed**, SABF is obligated to immediately ensure the crediting of the amount of the incorrectly executed Transaction to the account of the provider of the recipient in accordance with the Payment Order of the Client and also:
 - (i) return any incorrectly paid fees and lost interest to the Client; or
 - (ii) if the Client has a Subaccount and the funds used for the incorrectly executed Transaction were registered on the Subaccount, to return the Subaccount from which the sum intended for execution of the Transaction was debited into the condition in which it would have been if SABF had executed the Transaction correctly.

Termination and Amendment of the Framework Agreement on Payment Services
The Framework Agreement on Payment Services has been entered into for an indefinite period. Either SABF or the Client may withdraw from the Framework Agreement under the terms specified in the Framework Agreement. The procedures for making changes to the GTC and Services Price List are described in these GTC, esp. in Art. XIII (2) below.

Withdrawal from the Framework Agreement in case of its conclusion by means of distance communication (online)
If the Framework Agreement is concluded exclusively by means of distance communication (online), the Client has the right to withdraw from it within 14 days from the date of its conclusion. The withdrawal must contain at least the Client's identification (name, surname, date of birth and permanent address), be made in paper form, signed by the Client and sent to the address of the SABF's place of business or headquarters, or sent to the e-mail address podporaobchodu@sab.cz. The withdrawal shall be effective if it is received by SABF no later than the last day of this period. In the event of cancellation, the Client shall be obliged to pay all fees for services rendered for the duration of the contractual relationship. Withdrawal from the Framework Agreement does not affect the already concluded Transactions, which the Client is obliged to settle as if the withdrawal had not occurred.

Guarantee Fund
SABF holds its Clients' funds in accounts with cooperating banks as so-called special regime deposits pursuant to Section 41f of the Act on Banks. Compensation for the claim on the special regime deposit is granted to Clients in the same amount as it would be granted if each Client had funds registered in their own account. The conditions for deposit insurance, including the method of payment of compensation and other conditions, shall be stated in the relevant legislation, in particular the Act on Banks. SABF shall provide the Client, at his request, with information on the bank with which the separate account is kept in which the funds entrusted to SABF for the payment transaction are deposited.

- XII. Liability, Declarations and Other Information**
- SABF is not liable for damage incurred by the Client or other persons as a result of the Client's breach of the obligations stipulated by the Framework Agreement, these GTC and/or the law or for any other reason, through the fault of another person, due to impediments arising in the Client's staffing or arising when the Client was in arrears with meeting its obligations, or due to impediments the Client was obliged to overcome in accordance with the Framework Agreement, or due to circumstances beyond the control of SABF.
 - SABF is not liable for damage incurred by the Client or other persons due to (a) the reasons specified in these GTC, (b) incorrect, incomplete or inaccurate information in a Payment Order, (c) incorrect information communicated by the Client to SABF, (d) an authorised User acting in violation of the instructions (interests) of the Client, the Framework Agreement, GTC and/or the law or other regulations.
 - SABF is not liable for any damage or other detriment potentially incurred by the Client or third parties for any of the following reasons:
 - defects or shortcomings in the software (SW), hardware (HW) or systems of the Client or third parties used by the Client to communicate with SABF,
 - the failure, interruption or unavailability of any channel of communication between the Client and SABF for reasons beyond the control of SABF,
 - unauthorised access, misuse, loss or manipulation of data during data transfers or other communication on the part of the Client,
 - malfunctions caused by viruses on the Client's computers,
 - unauthorised third-party tampering with the SW or HW of the Client's systems, or with the transfer of data or other communication between the Client and SABF,
 - erroneously entered access passwords (personalised security elements) or their misuse by third parties,
 - the non-acceptance or non-execution of a Payment Order or other instruction of the Client/other User for reasons specified in the Framework Agreement or these GTC,
 - the inability to execute a Payment Order or other instruction of the Client/other User for reasons beyond the control of SABF.
 - SABF is not liable to the Client for any loss or damage incurred as a consequence of the risks involved in foreign currency transactions, or as a consequence of circumstances over which SABF has no control or influence. At the Client's request, SABF will provide the Client with non-binding information about the state and trend in the market as it appears to SABF; this information is solely of an informative nature. Although SABF takes all the necessary precautions to ensure that the requisite information is accurate, it cannot ensure that information and recommendations reflect the actual situation and trend on the market. SABF is not liable to the Client for any loss or damage incurred by acting on such information and the Client explicitly forfeits any possible claims in relation thereto.
 - If neither SABF nor the Client are able to obtain any information on the relevant financial market concerning the market price of the funds relevant for a given Transaction or if trading is suspended or restricted on the market in question, the terms of the Transaction will not be negotiated until after the situation has been resolved. If it is clear that the situation described above will not be resolved, or will be resolved at a time when the Contracting Parties no longer have interest in completing the Transaction, the Contracting Parties undertake to discuss the circumstances of the Transaction and agree to modify its terms in a manner ensuring that the economic substance of the Transaction remains the same as that defined in the terms before the above situation arose.
 - SABF declares that its employees will not disclose any information about the Client or the Client's transactions to third parties with the exception of cases where this is required by laws that are binding for SABF.
 - Communication between SABF and the Client in connection with the Framework Agreement will be via the channels specified in the Framework Agreement and in these GTC. During all communication the Client is obliged to use the identification details agreed for the given form of communication. The Client is obliged to immediately inform SABF in writing (or in another agreed manner) of any changes in the information relating to the Client provided to SABF by the Client in connection with the Framework Agreement, particularly information relating to Politically Exposed Persons; this duty also applies to changes in Users' information. Unless agreed otherwise, changes in information become effective for SABF on the following working day after delivery of the notification described in the previous sentence.
 - By executing the Framework Agreement, the Client allows SABF to automatically record telephone calls between representatives of SABF and the Client using SABF's equipment and to subsequently archive such recordings for the duration stipulated by law and/or for 5 years after the completion of the Transaction;** whichever is longer. The Client also explicitly consents to the fact that in the event of a dispute such recordings may be used as evidence and SABF also undertakes to refrain from using such recordings for any other purpose, unless required to do so by other generally binding legislation or an authorised body. SABF is not obliged to provide the Client with audio recordings of telephone calls with the Client, unless this is necessary to enforce Client's rights or prove compliance with its obligations.
 - The Client is aware that electronic communication, particularly via telephone, electronic mail or the internet, may result in the loss, destruction, incomplete or late delivery, unauthorised acquisition, use or misuse of the data transmitted. SABF and the Client are therefore obliged to act in each case in a manner that minimises these risks as much as possible.
 - SABF and the Client hereby establish a lien on the Client's funds registered on the Subaccount in order to secure the payment of monetary receivables owed to SABF under the Framework Agreement and/or the GTC.

- XIII. Joint and Final Provisions**
- By entering into the Framework Agreement, the Client consents to the wording of the GTC. The current version of the GTC is always available on the Website.
 - Changes to the Framework Agreement and/or GTC:
 - SABF is entitled to make reasonable changes to the Framework Agreement and/or GTC, particularly (although not exclusively) as a consequence of changes in the law, the introduction of new services, a change in the way services are provided or developments in services provided, developments on the investment and banking services market, including the development of market practice, or developments on markets which influence the provision of services, compliance with SABF's duty of prudence, etc. In such a case SABF will inform the Client of the change to the Framework Agreement and/or the GTC on the Website and will send information about the change and the new wording of the Framework Agreement and/or GTC to the Client's e-mail address, at least 2 (two) months before the change becomes effective. The term change does not include corrections of errors or changes of an administrative or mechanical nature. The Client undertakes to read the new wording of the Framework Agreement and/or GTC.
 - Unless the Client notifies SABF in writing of its disagreement with the proposed changes to the Framework Agreement and/or GTC in writing, no later than the day before the proposed changes take effect, the changes are considered binding for the Client from the date on which they become effective.
 - If the Client rejects SABF's proposal to change the Framework Agreement and/or GTC, they have the right to withdraw from the Framework Agreement free of charge and with immediate effect before the date on which the change to the Framework Agreement and/or GTC becomes effective; this meets the criteria stipulated by Section 1752 of the Civil Code. For the avoidance of doubt, in the event of termination of the Framework Agreement upon delivery of the Client's rejection of SABF's proposal to amend the Framework Agreement and/or the GTC, such termination shall not affect the individual Transactions already concluded on the basis of the Framework Agreement in accordance with Article 4.3 of the Framework Agreement.
 - Notwithstanding the preceding paragraphs 2.1 to 2.3, the Client and SABF agree that if there is a change in the legislation regulating the legal relations between SABF and the Client governed by these GTC and the relevant provisions of the GTC are no longer compatible with the mandatory provisions of the legislation, SABF and the Client shall follow the updated legislation. Amendments to the GTC consisting only in adapting their content to the provisions of the legislation shall not be subject to the procedure set out in paragraphs 2.1 to 2.3 above, nor shall other amendments to the GTC which are merely mechanical or administrative in nature. By accepting these GTC, the Client anticipates and agrees to any changes to the GTC according to the preceding sentence.
 - If the GTC are drawn up in a language other than Czech, the Czech version always takes precedence and is used exclusively.
 - If reference is made in these GTC or in other contractual documentation to certain laws or legal regulations, this always means the laws and regulations of Czech law.
 - These GTC shall take effect on 1 March-December 20254 or on the date of conclusion of the Framework Agreement to which these GTC are attached, whichever is earlier.**
